Project Title: An Exploration of BookTok

I plan to build a multi-page site about the book community on TikTok called BookTok and the effects that its had on the book industry. This will involve images of books and stills from popular videos, as well as explanations of how BookTok has changed contemporary book culture.

- **Home Page/Introduction** – Introduce what BookTok is and the different topics covered on different pages - this can include images of highly viewed BookTok videos
- **Impacts on reading** - this page will discuss how BookTok has introduced a new community aspect to reading
- **Impacts on sales and publishing** - this page will discuss the role that BookTok has played in promoting certain books and authors
- **Impacts on TV and film adaptations** - this page will discuss how BookTok books are more likely to be adapted into film or TV, and will include images of examples
- **Popular BookTok books** - this page will include photos and labels of the most popular books discussed on BookTok
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
